Processor

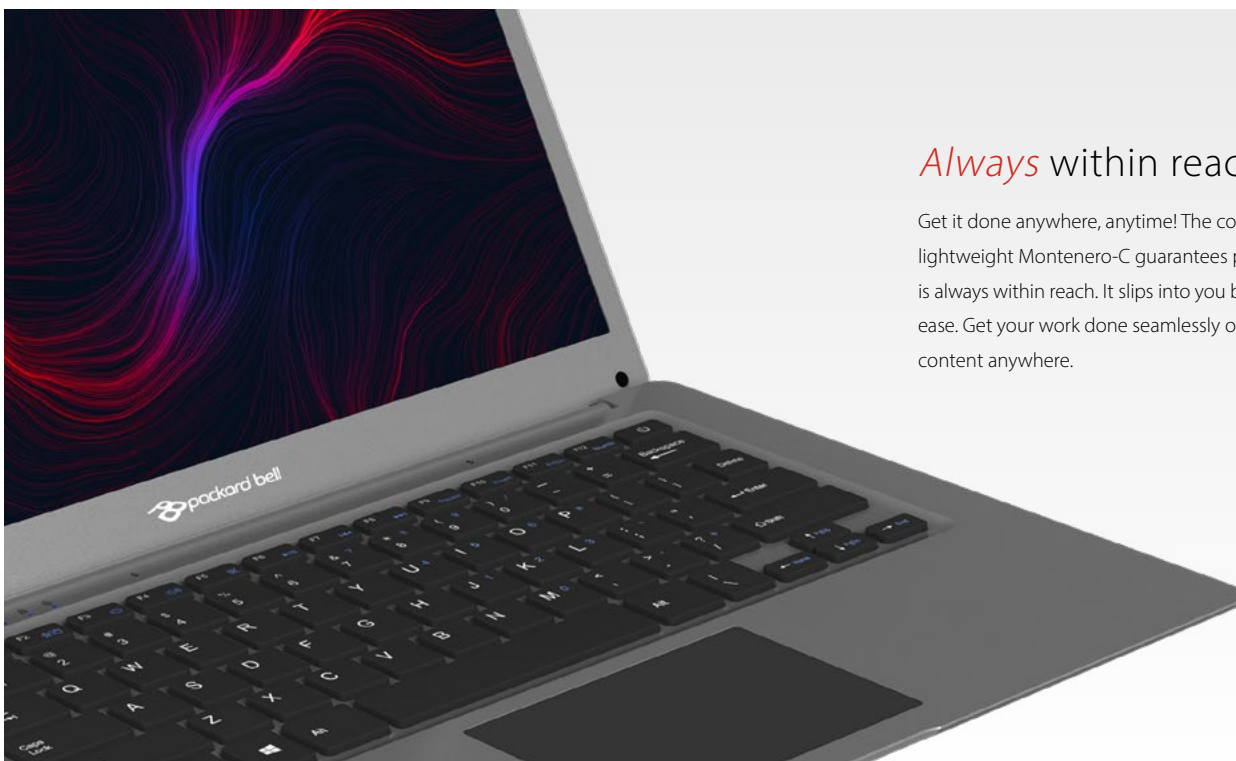

Windows 10
Operating System

Your perspective,
widened.

The Montenero-C 14" Notebook PC boasts a TN screen with a 1366 by 768 pixel resolution, supported by the Intel HD Graphics 500. The thin-bezel edges around the display provides more usable onscreen space for immersive viewing.

Always within reach.

Get it done anywhere, anytime! The compact and lightweight Montenero-C guarantees productivity is always within reach. It slips into your bag with ease. Get your work done seamlessly or create content anywhere.

Watch and play all day.

Load quickly, run smoothly and stay connected.

Have more space to save your content and files with expandable microSD. The Intel® Celeron® processor delivers incredible responsiveness and smooth, seamless multitasking. Easily switch back and forth between open applications with 4GB DDR3L memory. Download more and delete less with 128GB internal storage.

Intel® Celeron®

Memory
4GB + 128GB

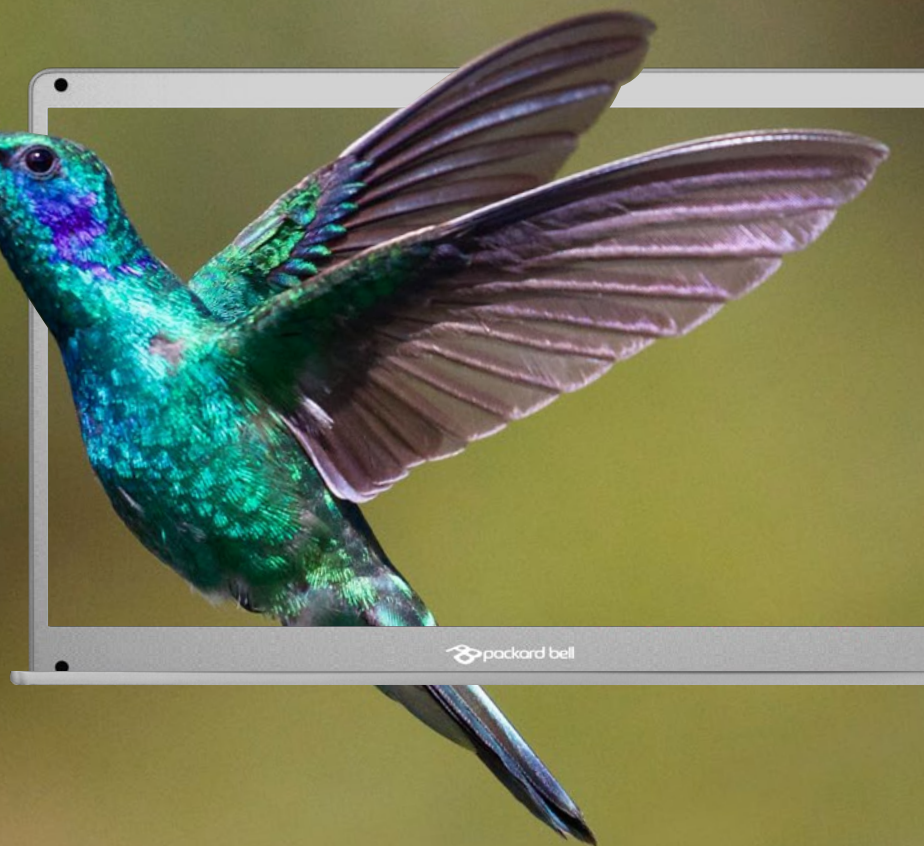

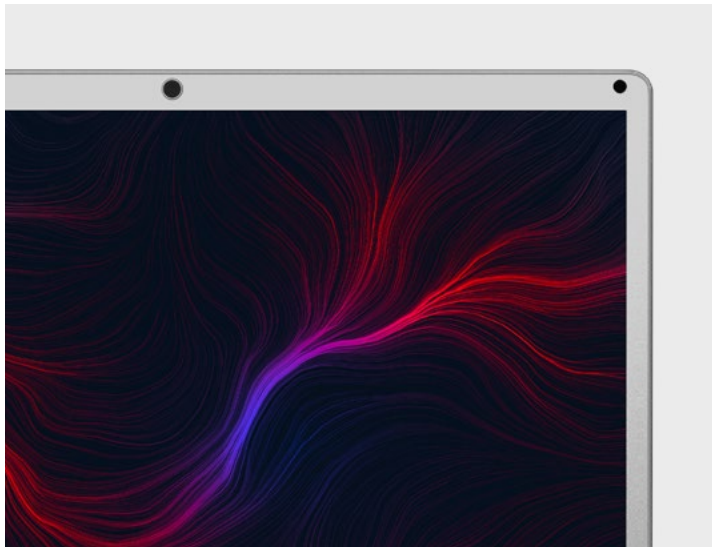

Connectivity
Built-in Wi-fi

An abundance of display.

A big 14.1 inch display on a conveniently compact Notebook PC. Narrow top and side bezels give this display the prominence it deserves, so you can marvel at the richness of colour. Add to that a low-reflective feature that makes everything look brilliant — even in midday sunlight or in dimly lit rooms. Work or relax — do whatever you want, wherever you want.
